MARC Van

Thursday the 3rd of December will be our final MARC session for the year. Parents could you please ensure your child/ren are looking for all their books to return tomorrow. Miss Carter is holding a competition for the school with the lowest number of overdue books. C'mon Airly!

Transition

Tuesday 8th December will see two of our grade 6 students visiting their secondary schools for 2021. We trust they will have a great day making new friends and learning more about their 2021 classes, school facilities, teachers and support workers.

Parents Club

A letter will be going home to parents regarding the end of year raffle and celebrations. Please

advise the school if you have not received a copy and we'll get it to you.

Concept

Last Friday, our three groups competently delivered their research into tsunamis, cyclones and earthquakes to four other cluster schools. In turn, we learnt more about Cybersafety, germs and keeping food and our bodies healthy and safe, pet safety and beach safety. Each group had varied approaches to presenting their learnings which was great to see.

End of Year Celebrations

Classes have begun their rehearsals for the end of year concert. Unfortunately, we will not be able to do our annual concert as we have done in the past. This year, students will be filming their concert item at school during normal class times. We will send families an invitation to log in to the school Webex Teams at 7.30pm on Wednesday 16th December, for you to watch the performances from the comfort of your homes. We invite families to decorate your viewing room and celebrate with us with platters of nibbles and Christmas outfits. If you have any issues downloading or setting up WEBEX Teams on your desktop or laptop, our school technician, Michael De Winter is at the school on Tuesday afternoons from 1pm-5pm. Come and see him with your device if you have any problems.

Book Review Bamboozled by David Legge

This book by David Legge is unexpected and joyful. It's about a girl visiting her Grandpa.

This book reminds me of Jumanji because there is weird stuff happening. David Legge draws amazing pictures that are quirky but he doesn't use many interesting words.

I rate this book 4 stars because it is unexpected and funny. It would be good for 4-9 year olds.
